The wounds of a
friend are faithful,
but the kisses of an
enemy are deceitful

Many shall go to
and fro on the earth,
and knowledge shall
be increased.

They find it possible
because they
think it possible

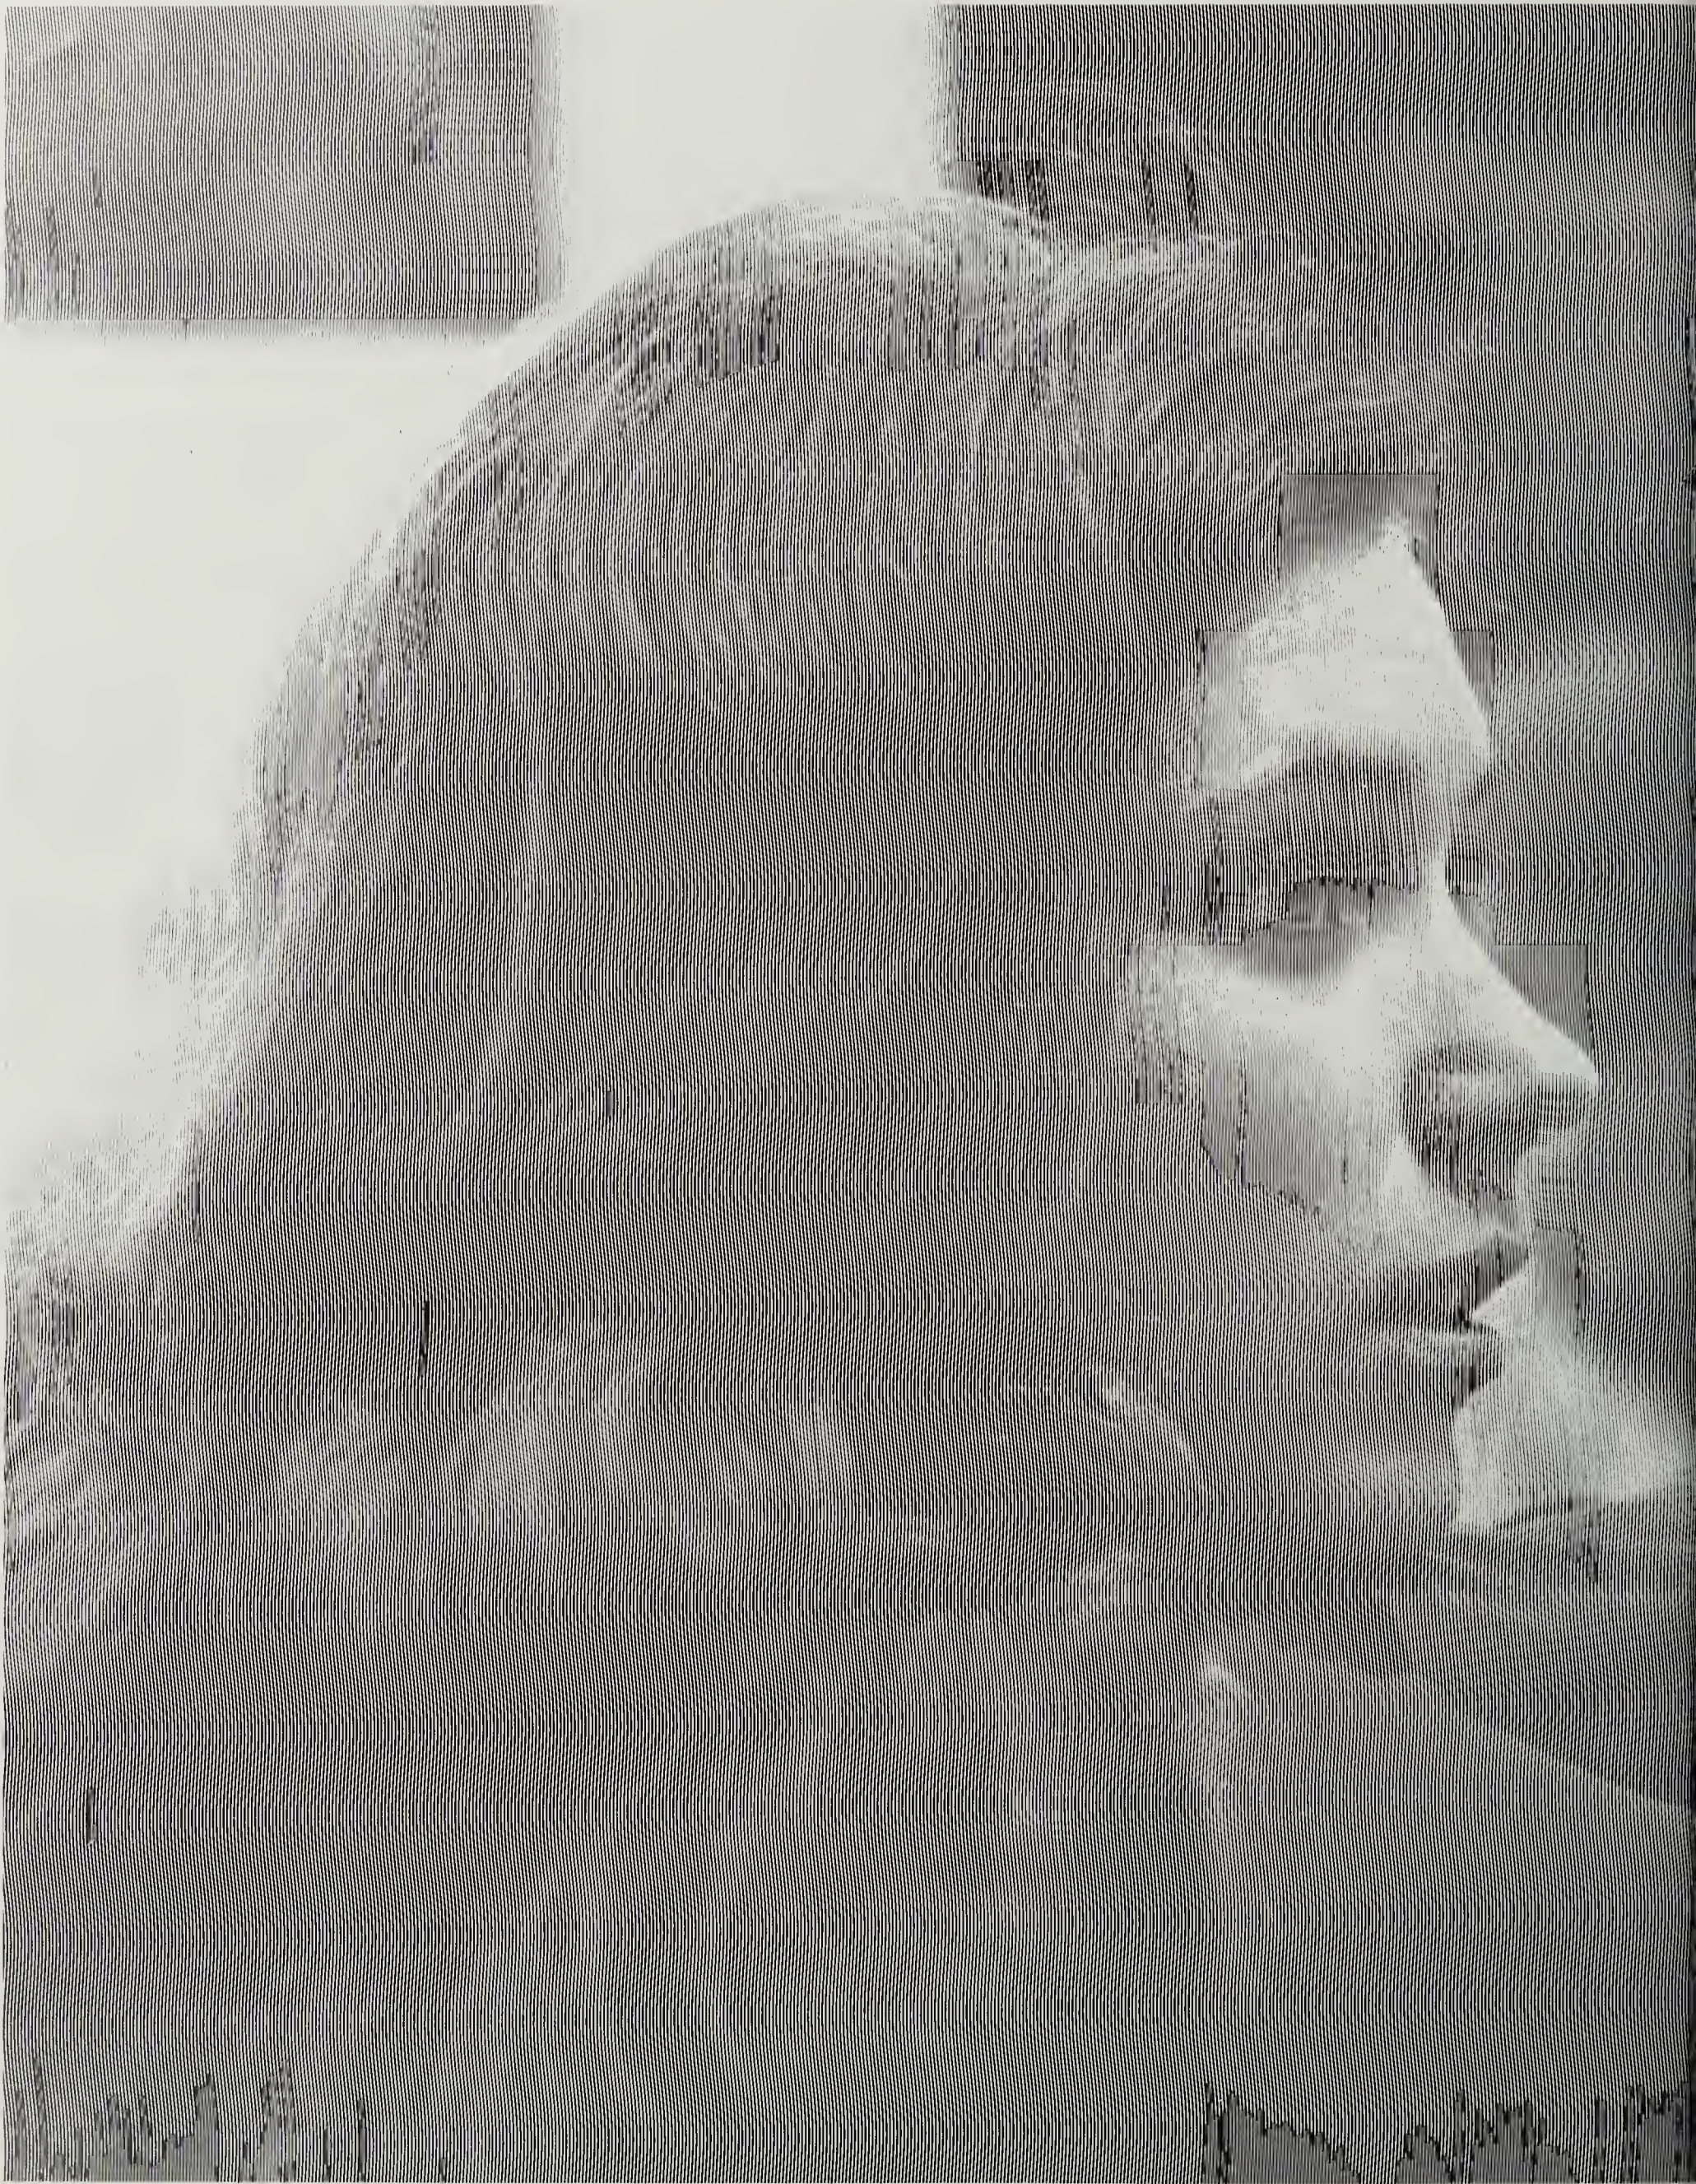

Walk confidently
and you shall
not stumble

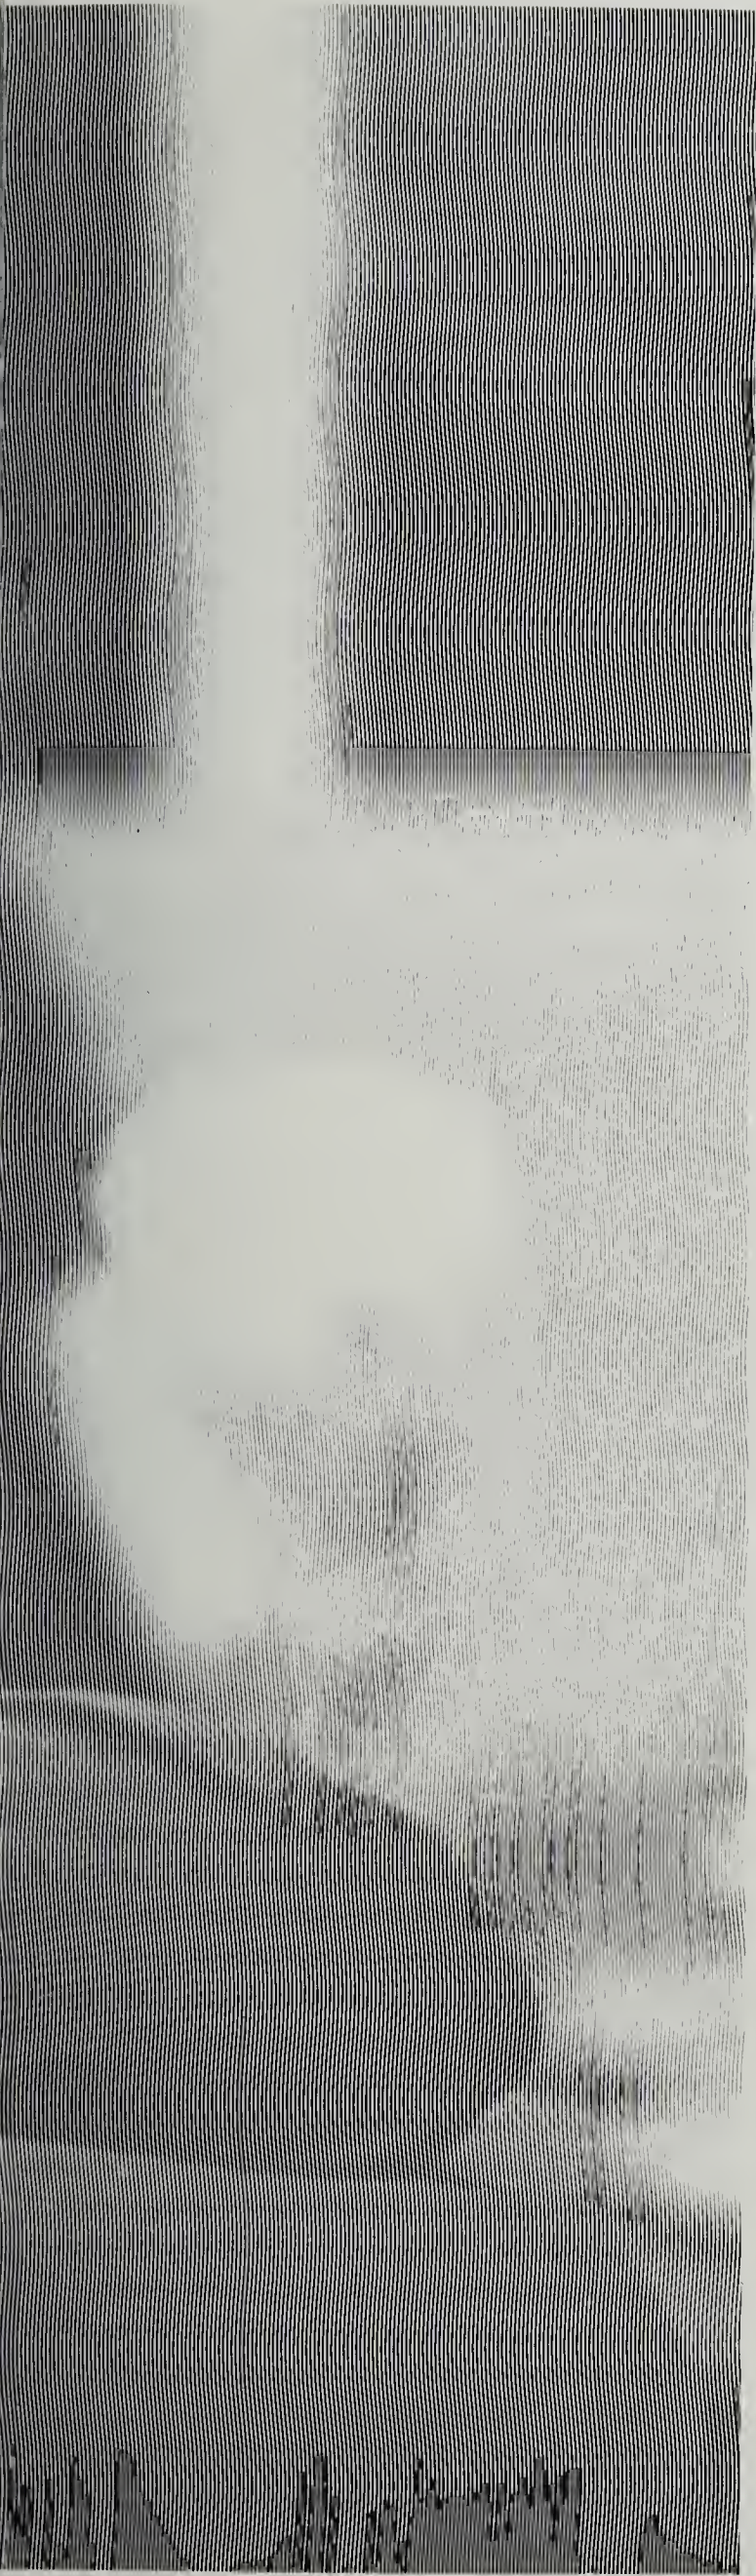

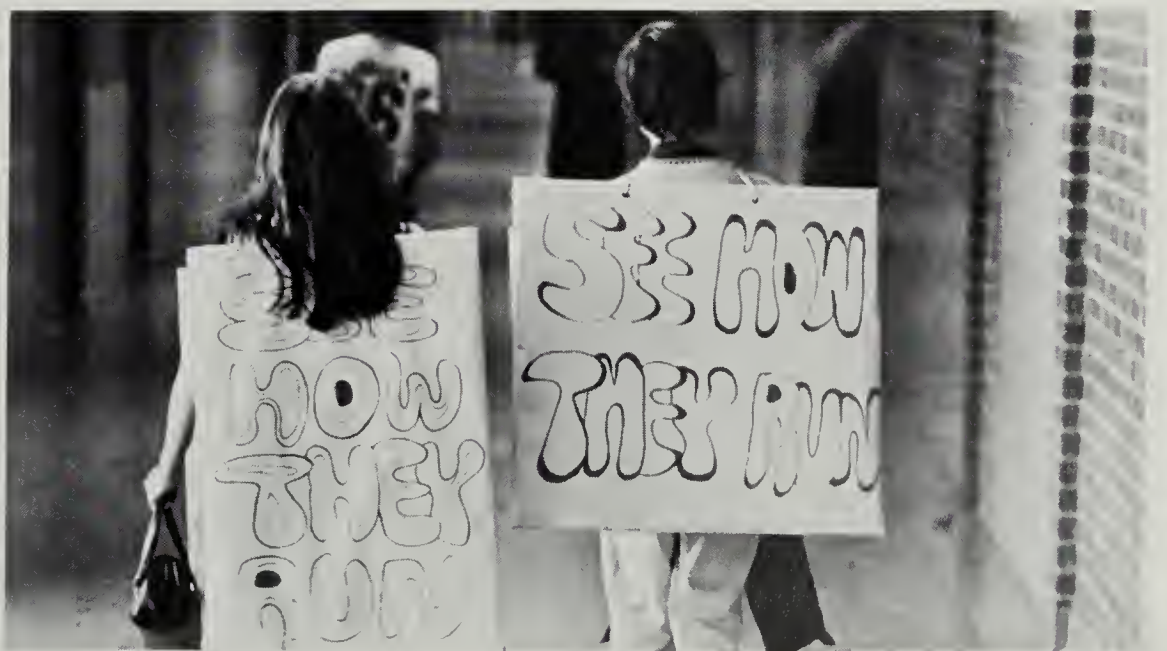

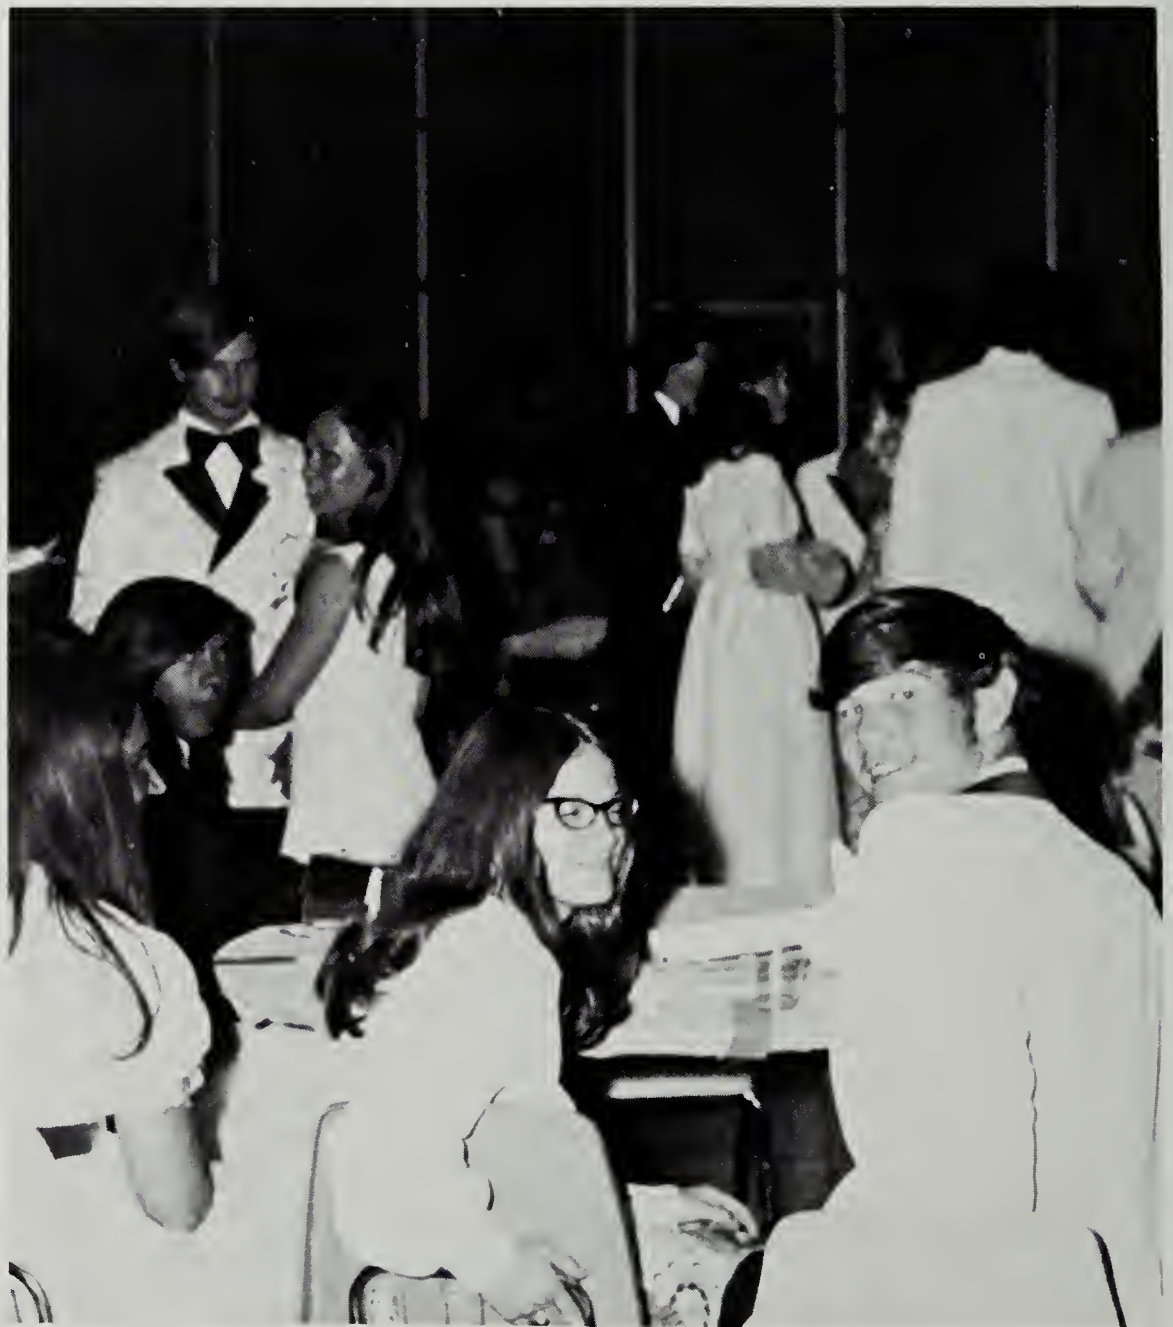

STUDENT LIFE

A night to remember: Fantasia

Plans for the prom theme began weeks ahead as did the excitement, dates, shopping and dinner reservations. The pictures taken with special dates, decorations, and music by the "Nowhere Men" added a certain touch of Fantasia to the evening.

FIRST ROW: S. Phelps, P. Weatherspoon, L. Merna, M. Boggess, T. Goss. SECOND ROW: D. Silverthorn, P. Tarlosky, M. Keck, K. Francois.

Black magic brings them home

Miss Jane Forsman—the 1972 Homecoming Queen.

Senior Princesses: Margaret Keck, Karen Francois, and Pam Tarlosky.

Junior Princesses: Sandy Martin and Sherry Cooper.

Sophomore Princesses: Debbie Bailey and Kathy Beach; Freshman Princesses: Debbie Ware and Kim Betz.

The Yorktown game highlight was the presentation of the homecoming princesses and the crowning of Miss Jane Forsman, the 1972 Homecoming Queen. For the second year in a row the class of '73 was awarded first prize in float competition.

Alumnist Wanda Francois knows there's no place like home!

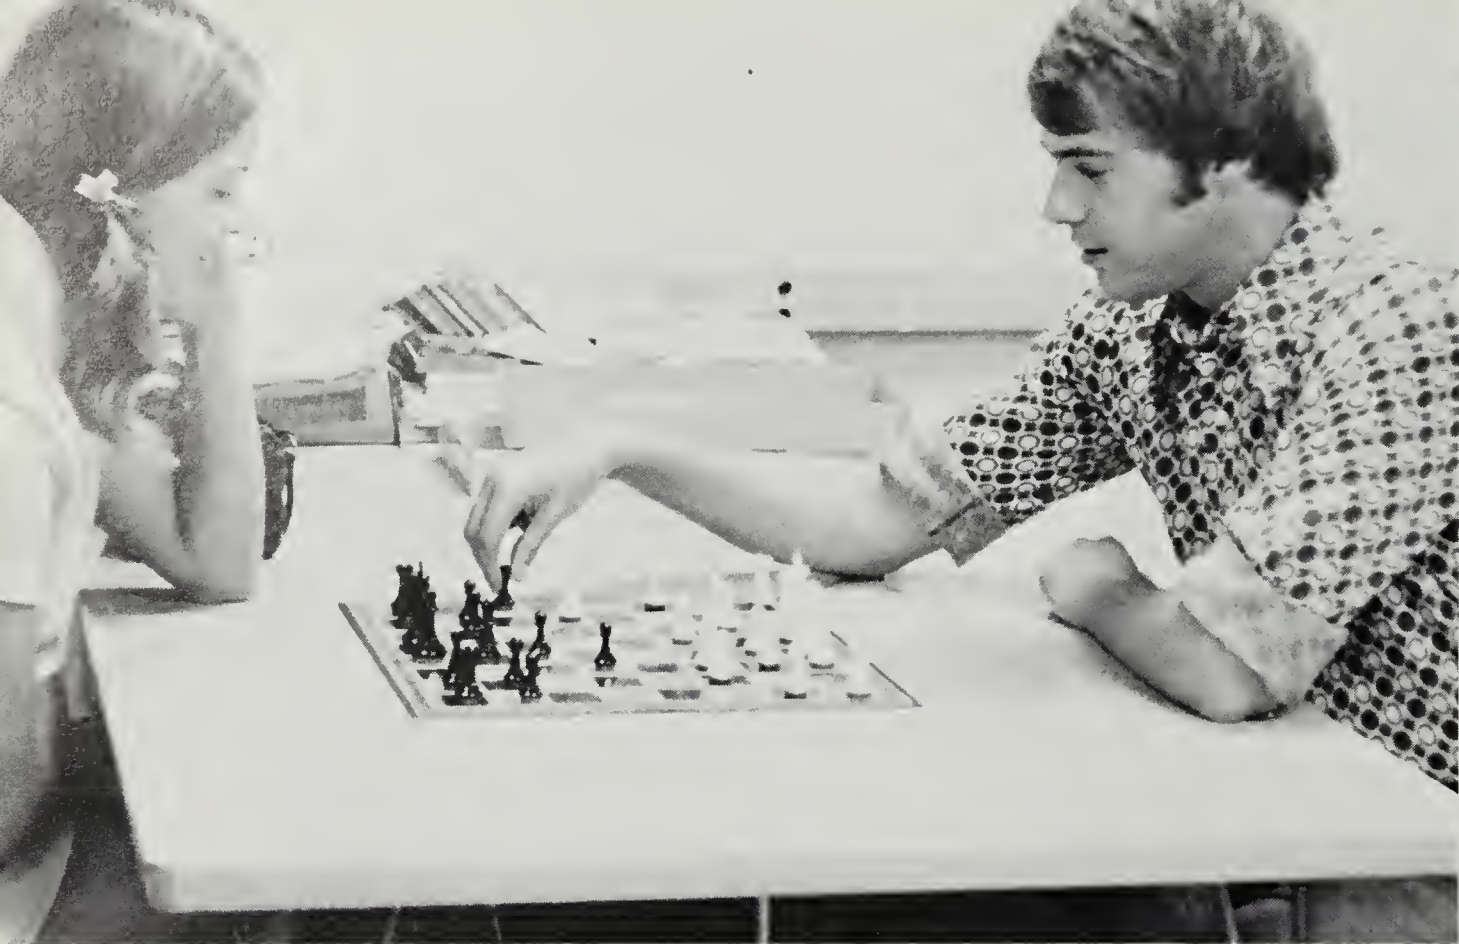

The queen is who???????

A proud group displays its talents.

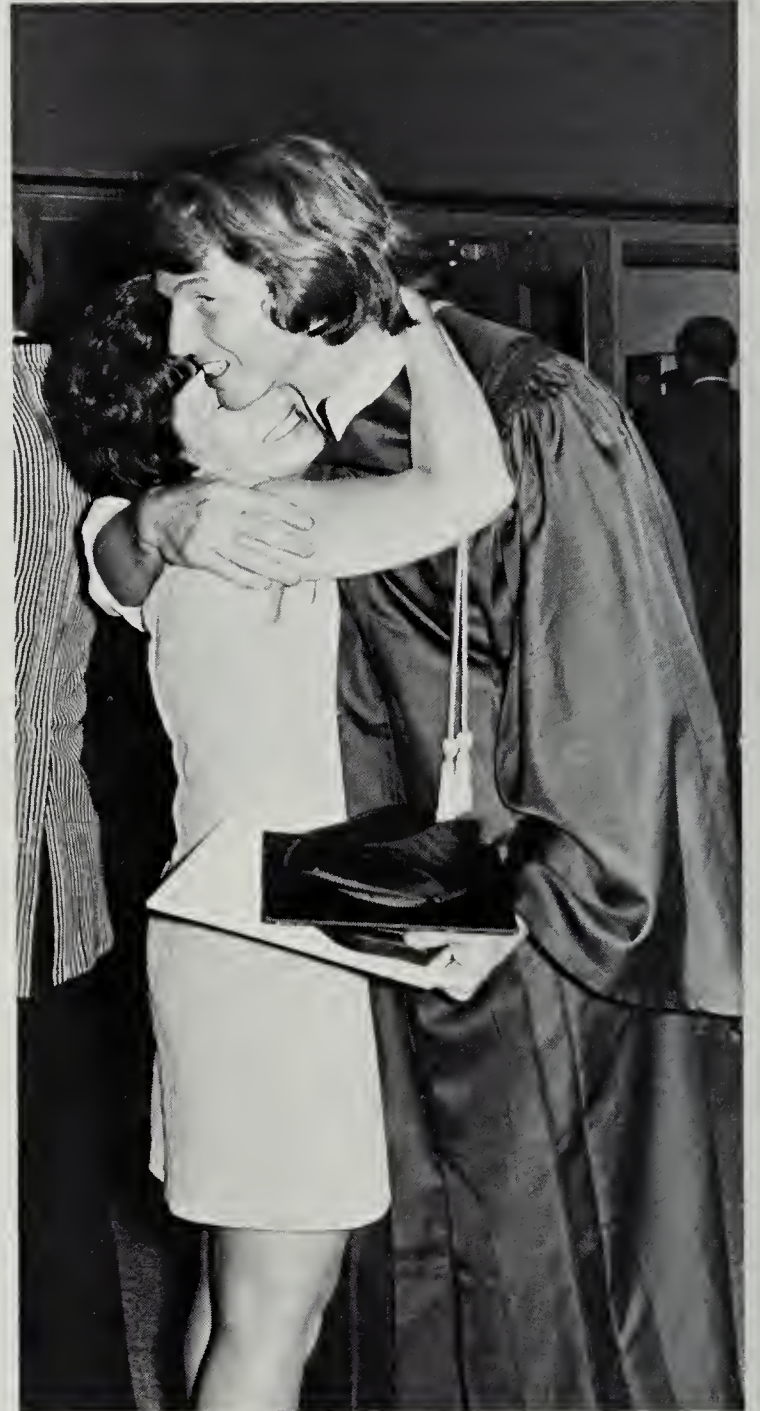

The learning process doesn't end when a student leaves a classroom but continues on in the experiences he encounters in the activities he chooses to follow.

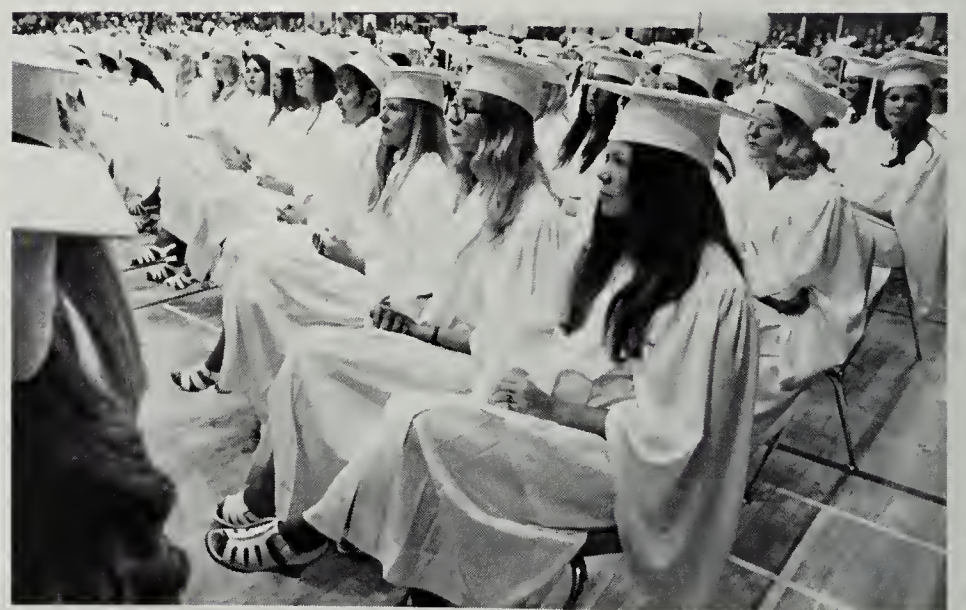

Graduation begins a new life

I think she's proud!

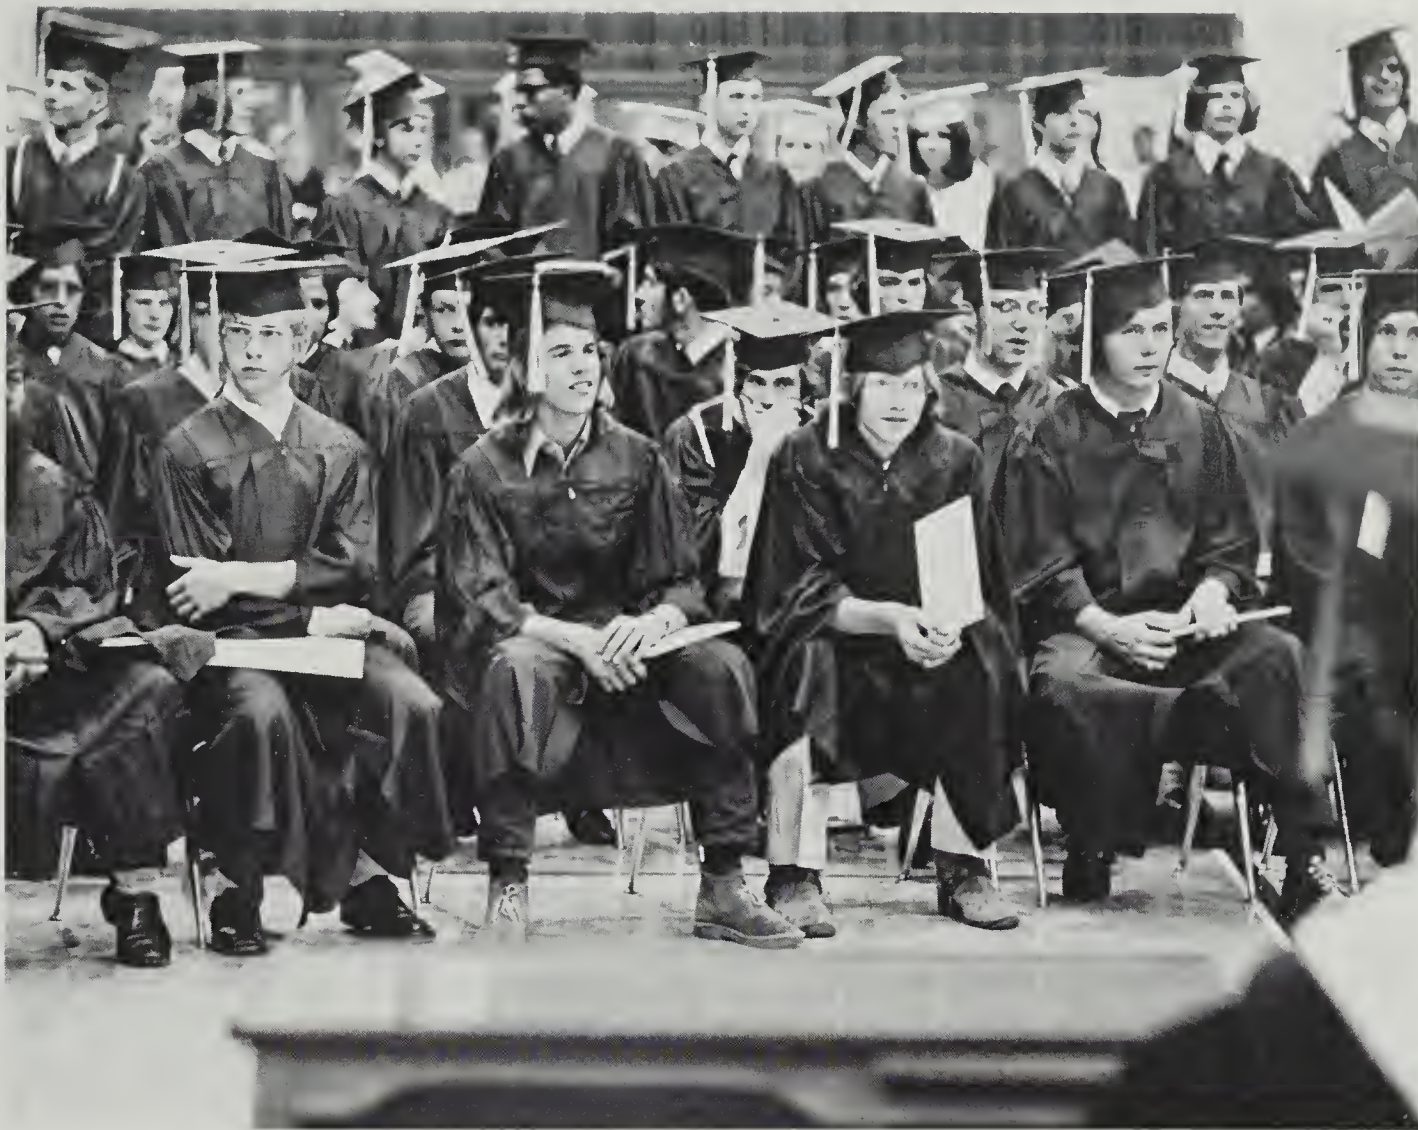

Sandy Bailey receives her diploma.

Ugly man, black history week

The Ugly Man contest, sponsored by the Keyettes, was one of Hayfield's first activities. Students contributed their nickels and dimes to those in the running. This year, Phil Darivoff was the "ugliest". Bob Bauer and Dean Keller took second and third place.

Another big event was Black History Week. Many students took pride in planning the assembly, arranging display cases and even setting up an exhibit room.

Spring track

Bathurst and Varsity Spring track teams competed in district competition. The Varsity team took third place in the Winston District. Rod Cupka lead in the varsity season by scoring over 100 varsity points. Mike Stamps led the J.V. team by scoring over 100 points in the Winston District, and Coach Scott looks for a strong team this year with many of the J.V. team moving up to the varsity squad.

Varsity baseball

Bob Bauer demonstrates pitching form for the Hawks

"If expressions could only win"

Don and Frank team up for important out.

Coach Jacobs sparks enthusiasm.

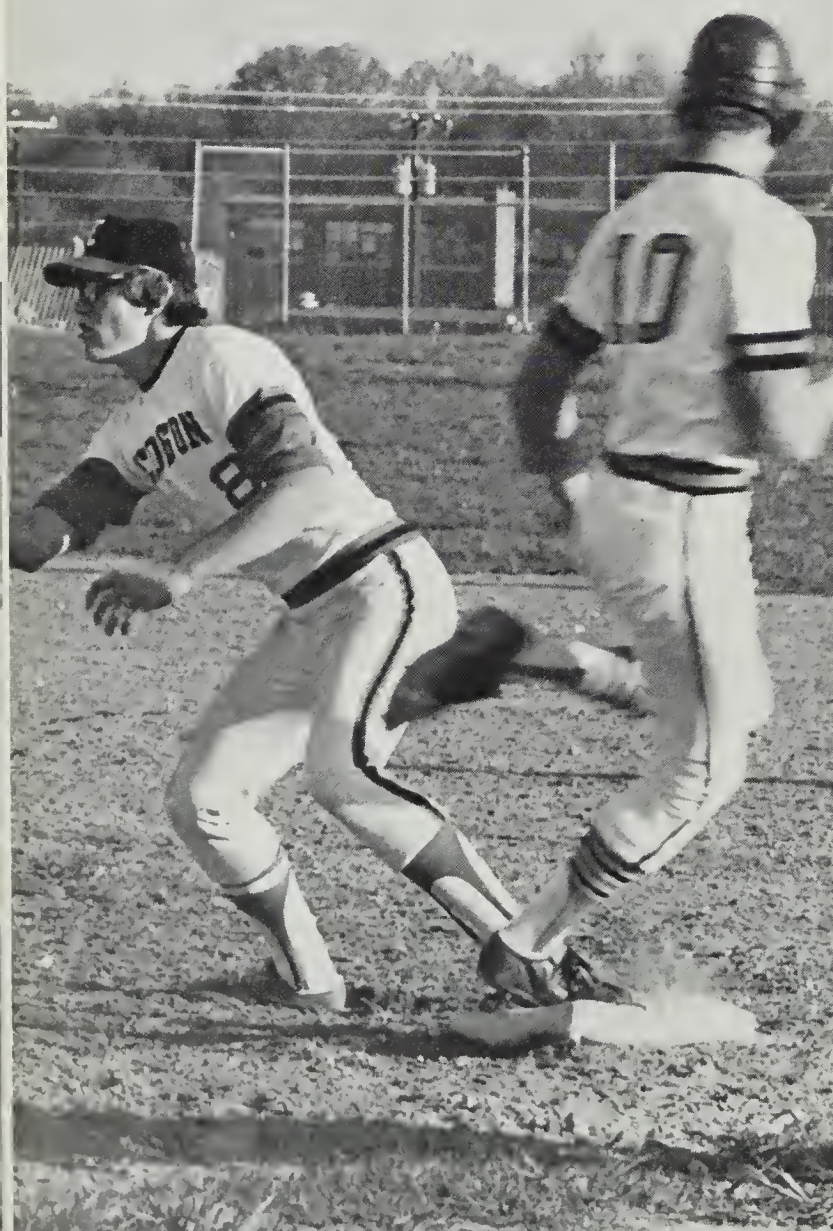

Hayfield's top slugger, Scotty Dean, exhibits his power enroute to Hawk victory.

The Hawks stand ready to congratulate Dave Beene for his first home run of the '72 season.

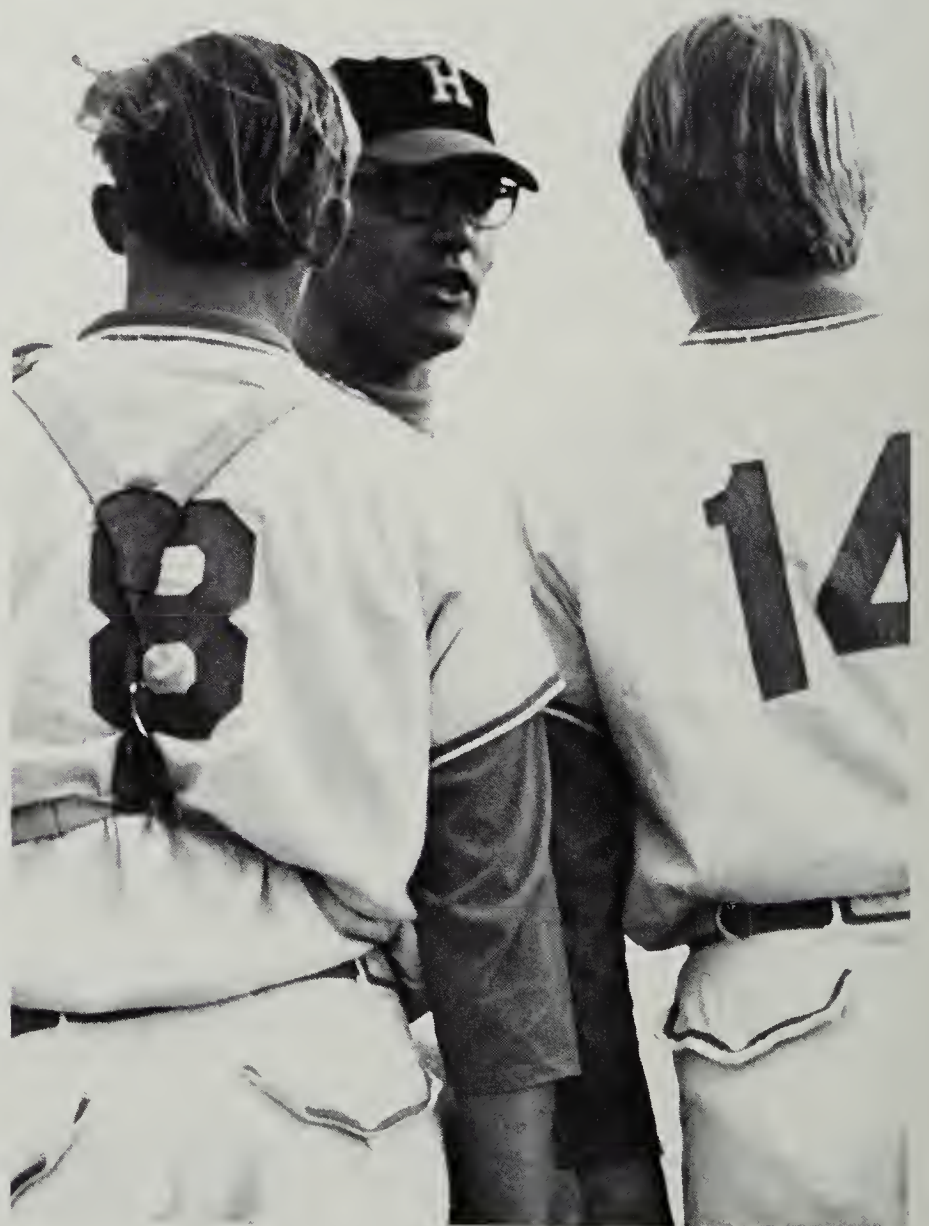

Eleven varsity lettermen helped last year's baseball team to a third place finish. The team was led by Scotty Deane, Most Valuable Player, and Dave Bean, Most Improved Player. There were several new records set in the 72 season. Dan Register set a new fielding average of 1.000 for outfielding and Scotty Dean led the infielders with a .992 fielding average. In his first season of baseball, Bernie Freeman, a senior, led the pitching staff with a 1.05 earned run average.

Coach Leggat gives his team advice.

Gerald Windt shows how he plays soccer.

Soccer, a new varsity sport, has arrived on the Hayfield athletic scene. Versatile Lou McFadden playing soccer for the first time, led the group of inexperienced players through a season that was marked by enthusiasm and improvement but short of victories. The game was new and strange to players and spectators alike, however, there is no doubt it will grow in appeal at Hayfield.

Game skills and playing experience were picked up by our young team. Many freshmen and sophomores were starters and figure to provide the Hawks with strong teams in the future. Among the young underclassmen who showed ability and potential are: goaltender Frank Francois, fullback Rick Frye, halfback Gerry Windt, and forwards Larry Brown and Eddie Jenkins. Hustling Steve Brown and Pete Shively also figure prominently in future plans.

1973 marked the beginning of Hayfield's first swimming team's season. The members of the team were very enthusiastic throughout the season. Since this is the team's first year, the members lacked team experience, and showed potentials of becoming a winning team in the future. Ken Poe led the team in scoring the highest number of points. He will be returning next year and be a great asset to the team. Other members of the team effort were Pat Hayes, Kathie Bishop, Robert Radam, and Wade Malaby. The two most promising members of the team are the divers Frand Francois and Barbara England. Together they always increased the teams points and morale during competition.

Although the majority of the team will be back next year, some will be graduating in the class of '73. They are, Michelle Maron, Wade Malaby, Mark Hreha, and Steve Jackson. This year's competition was limited due to pool facilities. Next year the team competes against members of the Gunston District and, with added pool facilities, the competition will improve.

Fairfax Hall

Lord Fairfax, the Sixth Baron of Cameron, for whom Fairfax Hall was named, inherited the Northern Neck in 1733. This land was originally a part of a royal grant by Charles II to Lord Fairfax's grandfather, Thomas Lord Culpeper. Fairfax County was formed by law on June 19, 1742.

Example is not just one of the ways—it is the only way.

Jefferson Hall

Thomas Jefferson (1743-1826), for whom Jefferson Hall is named, wrote:

"We hold these truths to be self-evident, that all men were created equal; that they are endowed by their creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness."

Declaration of Independence, 1776

"Enlighten the people generally, and tyranny and oppressions of both mind and body will vanish like evil spirits at the dawn of day."

Letter to Du Pont de Nemours, 1816

FACULTY

Principal

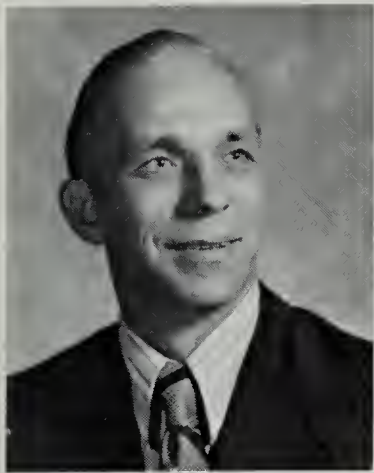

With determination and perseverance Mr. Worley has succeeded in establishing a unification among students, faculty and administrators within our school. Working closely with the students and faculty to resolve significant problems, he has become noted for his concern for student affairs and his able leadership. He has done his utmost to ascertain that the student body of Hayfield has a hand in the organization and the governing of its school.

Mr. Floyd W. Worley, Principal

A principal's work is never done.

The fine arts department

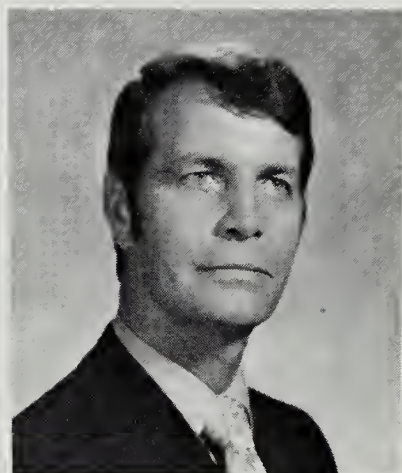

The Fine Arts Department enables students to pursue and develop special talents in the arts on the high-school level. The department has developed an effective program to stimulate the student's capacity to produce creatively. This spring, the Fine Arts Department will stage the MADD Festival including the creativity and the talent developed in the different areas of the arts throughout the school year.

Mr. V. Madorma
Mrs. D. Senn
Mr. J. Scango

The Practical Arts Department enables the students to cope with problems of technological and industrial nature. It also helps the students to utilize homemaking skills and to strengthen home and family living. The home economics classes prepared dinners as well as held open houses at different times throughout the year. The Child Development course which enables the students to work with children has met overwhelming success.

"This has got to be some kind of joke," exclaims Mr. J. Madorma.

"What kind of fool am I?" questions Mr. Hilsinger.

"I know 'B' is a difficult letter to draw, but try your best," urges Mr. Hatcher.

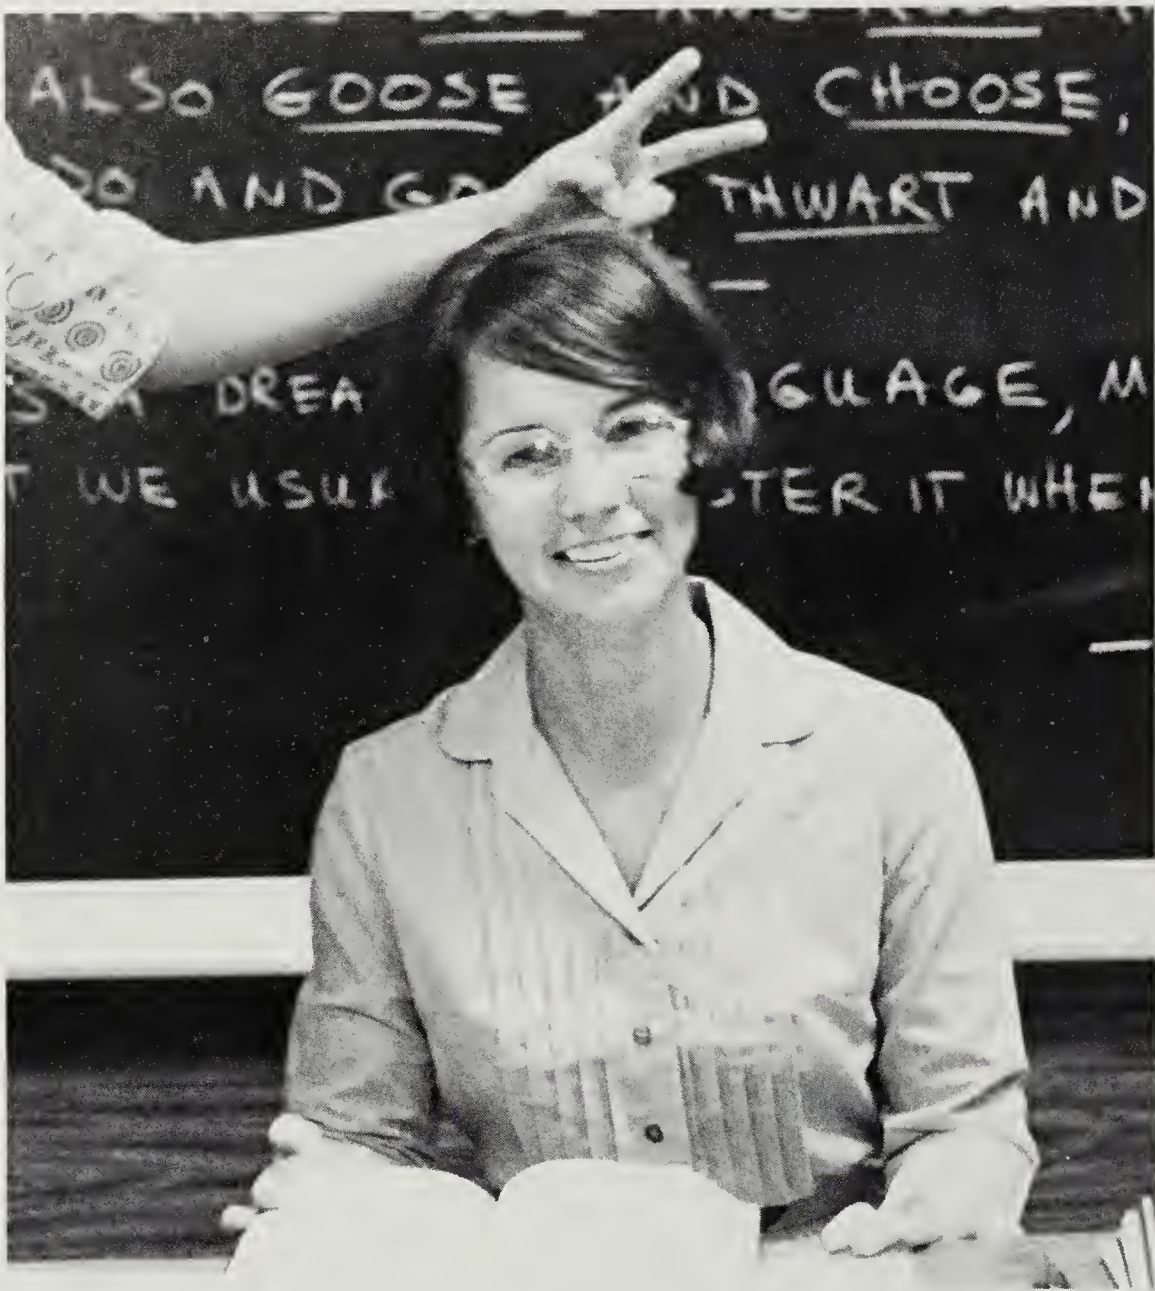

"Now for the one hundredth time this is a," ponders Mr. Breault.

The English Department is organized on a subschool level, and the electives last for a period of nine weeks. Each unit is planned by a specific teacher and covers such areas as reading, youth and problems of today, grammar and contemporary authors. The purpose of the units is to provide the student with varied curriculum, to broaden his understanding of human experiences and to increase his knowledge of grammar and creative writing.

The business department

The Business Department offers a variety of courses this year. Included among those courses offered are typing, stenography, Vocational Office Training, distributive education, and data processing. The VOT enables the students to work in a simulated office environment in order to prepare them for stepping into part or full-time jobs. The courses offered in this department provide a foundation for continuance of this type of learning on a higher level.

Mr. Petruzzi contemplates for a moment.

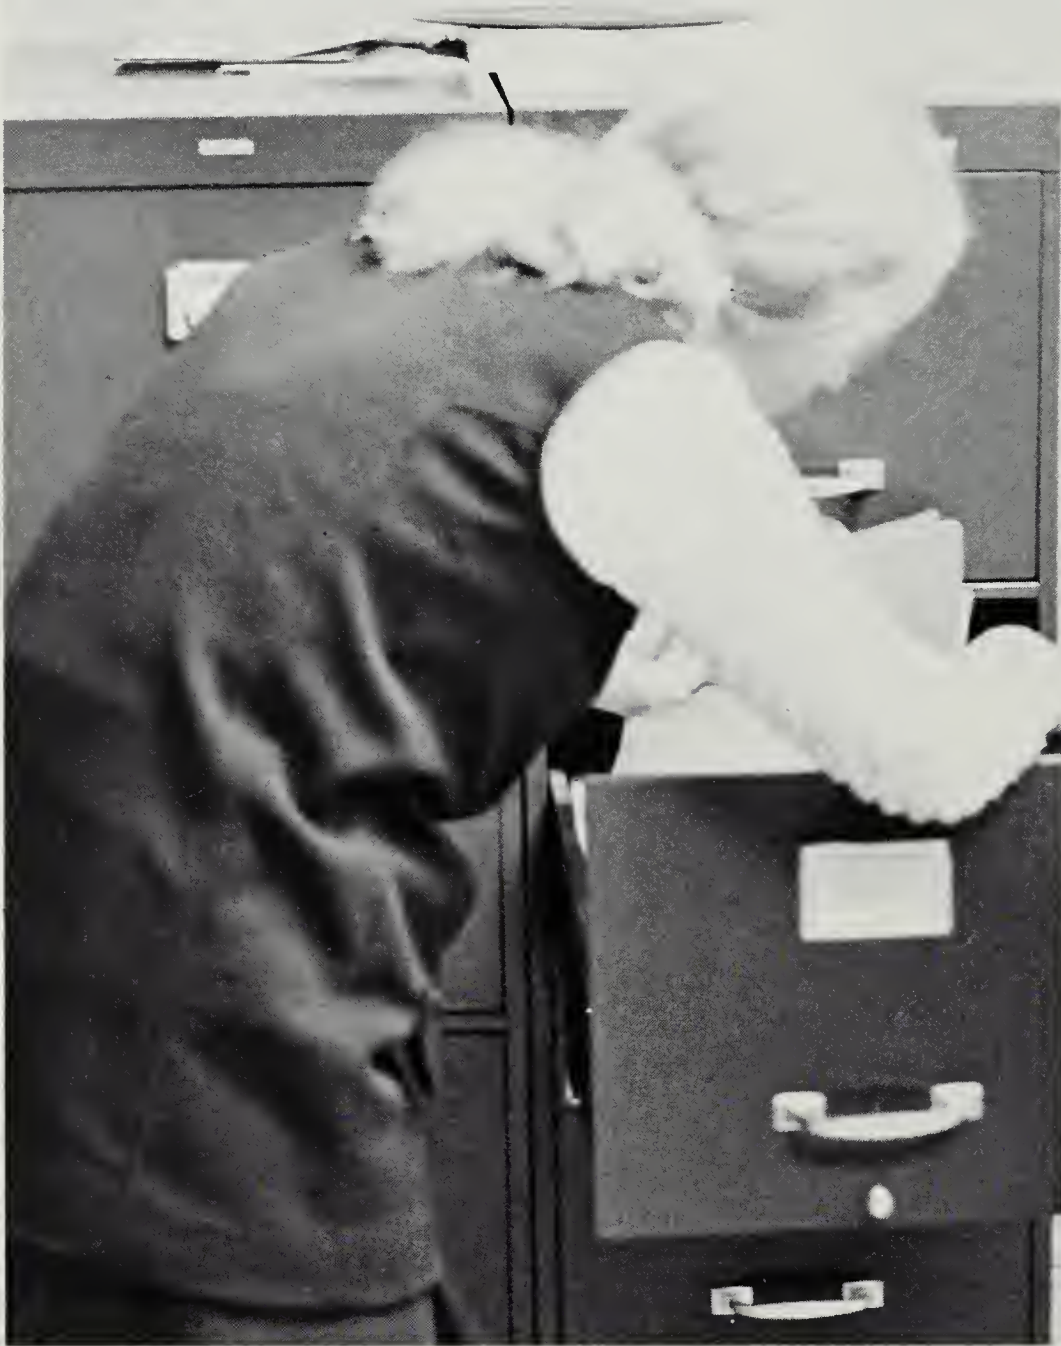

Miss Kereszturi surveys her room.

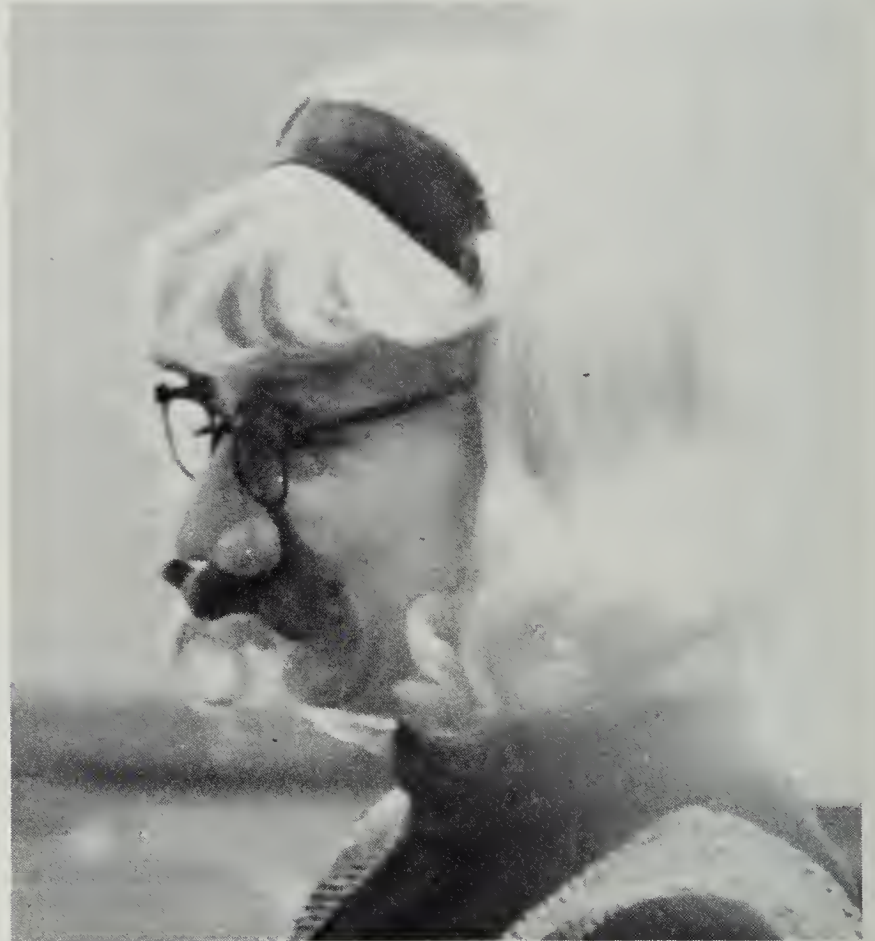

Mrs. Capps is generous with that smile of hers.

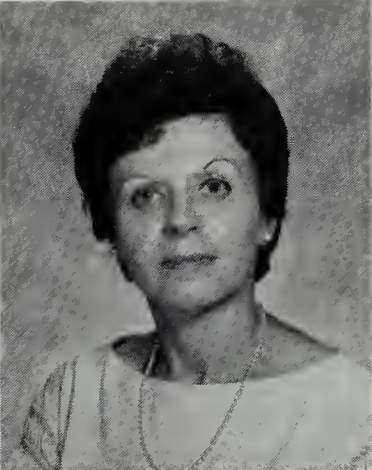

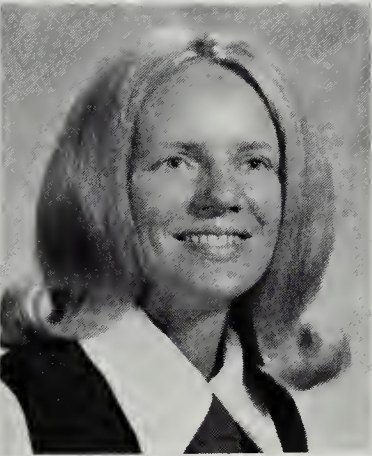

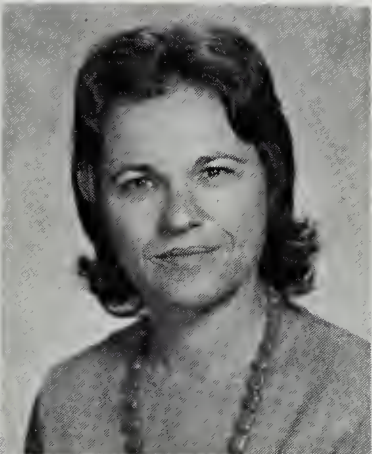

The foreign language department

The Foreign Language Department has been successful in teaching the student to read, write, and speak in a language other than his own. Aids such as tapes, records, and film strips are used to give the student background, as well as a taste of the culture of the country whose language he is studying. It is hoped that through this program the students will become better acquainted with the country as well as the language they chose to study.

The occupational education department

The Occupational Education Department continued to help in equalizing opportunities for all students. They have benefitted greatly from the audio-visual equipment and similar aids from the Media Center. The smallness of the classes also enabled the teachers to aid the students on a more personal basis. This department has done outstanding work in helping deserving students.

"The cat's got your tongue, Mr. Bullington!"

Mr. Clore is captured on film.

Cosmetology

Mrs. J. Kott

Mrs. V. Moton

Cosmetology is offered in a three-hour block, five days a week. This system of study consists of fifteen hundred hours of theory study and training. It results in the student being able to take the State License Examination and becoming an operating cosmetician.

Mr. W. Fox
Mrs. J. Frew
Mrs. D. Gamble

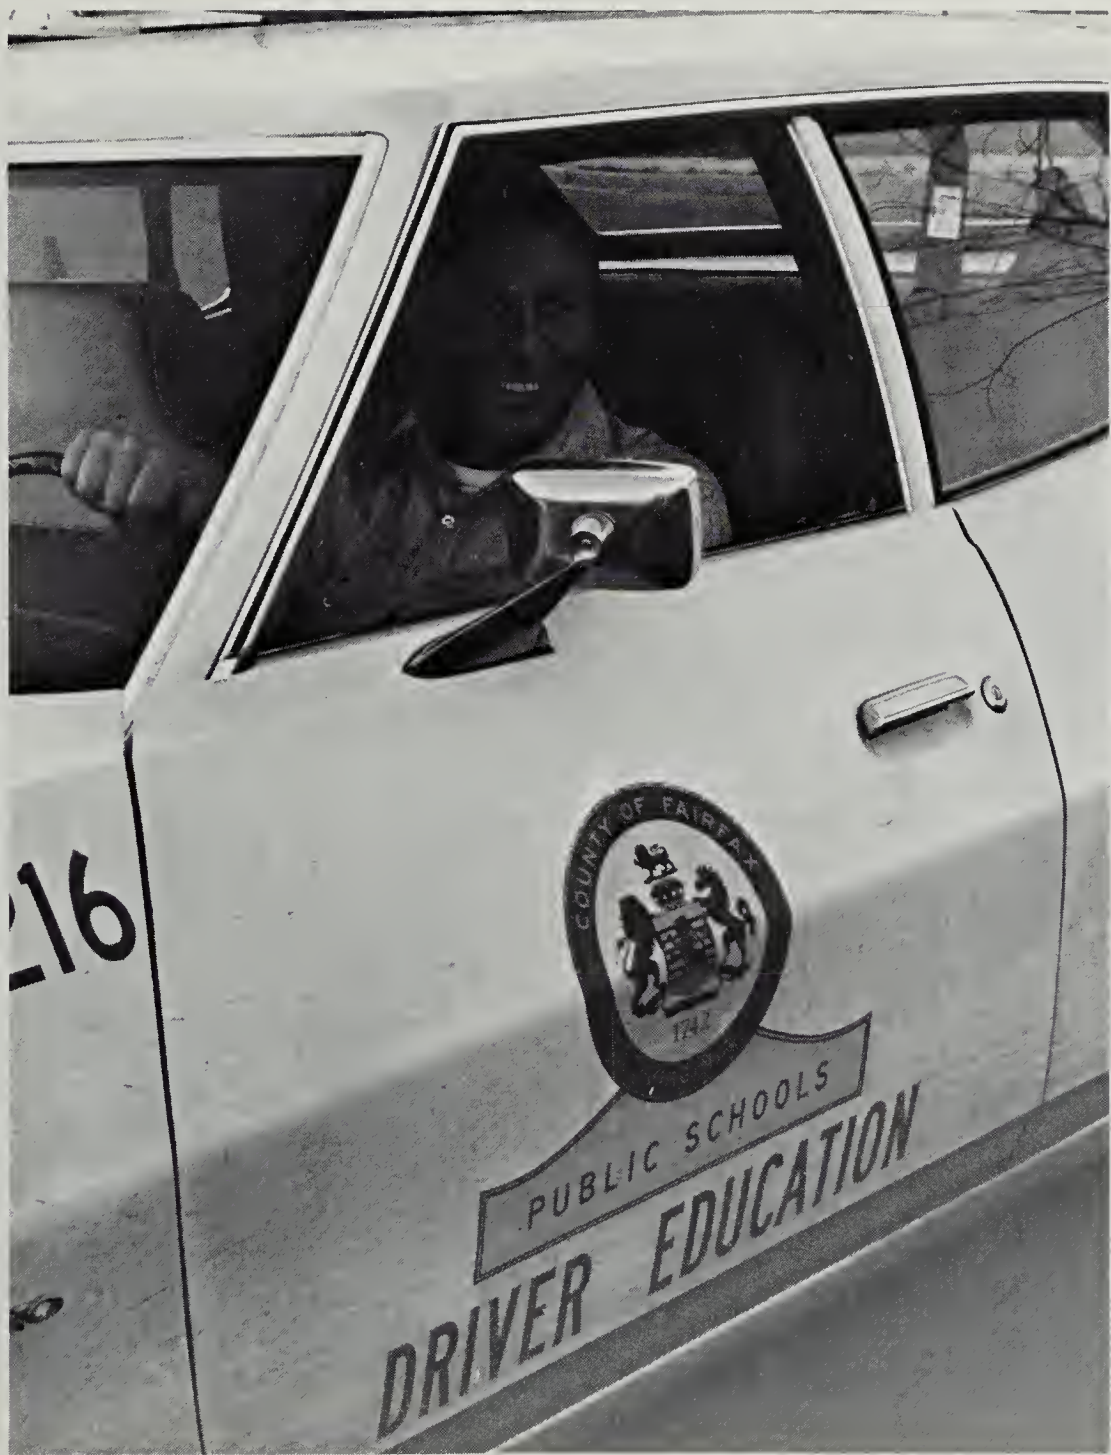

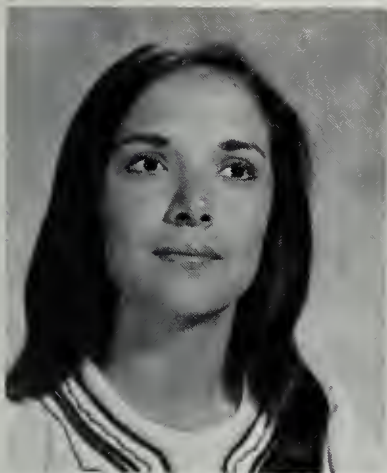

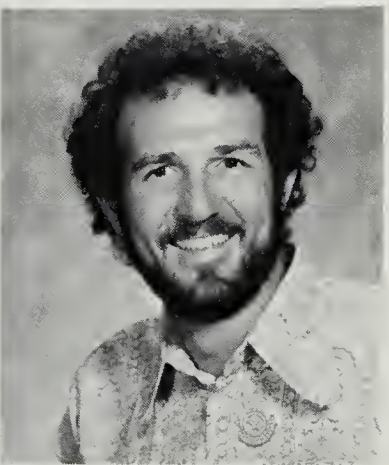

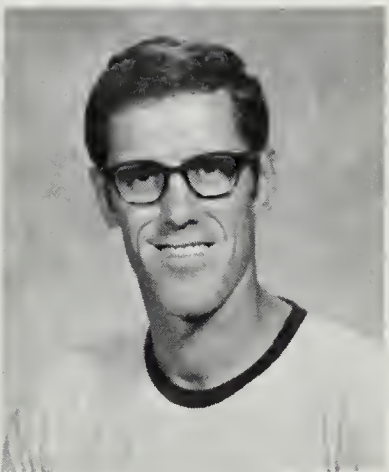

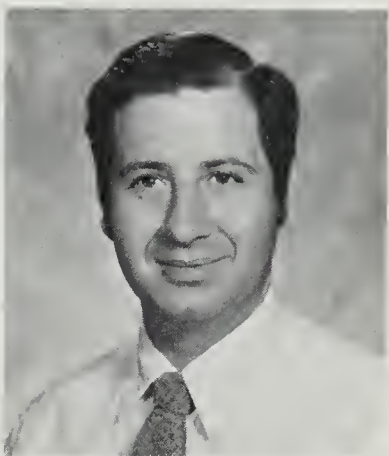

A revelation for Hayfield this year was the success of co-educational physical education classes. Boys and girls shared in such activities as volley-ball, gymnastics, and archery. The elective program begun last year was used once more, and was the recipient of quite favorable results.

Mr. Duvall finds time to meditate.

The mathematics department

Within the Mathematics Department, the individualized Algebra I-Geometry program worked its way through a third and even more successful year. The process of studying at one's own rate made it easier for the student to grasp each concept of his particular course of study, and to be better prepared to put them to use in his next "contract." The traditional methods of learning and teaching were also employed, and were equally as successful as the newer program.

The science department

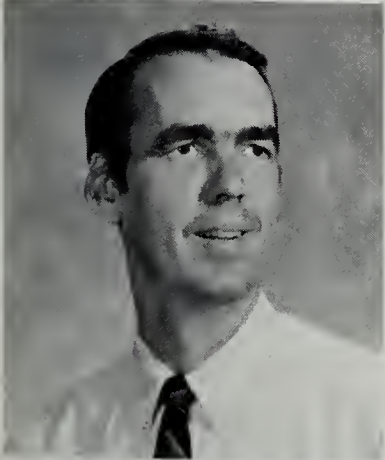

The Science Department continued to aid students in developing the basic concepts necessary for studying any field of science. All of the science courses offered satisfy the prerequisite of laboratory science courses necessary for graduation. The vastly developing innovations in the Science Department are leading to a more specialized means of study in this field.

Dear Rick,

You are really a fantastic guy I don't know you that well, but what I do know you are really terrific! I love your hair! Remember when you got your hair cut because you were so sick of me running my fingers through your hair! Remember me in your prayers. Always keep ~~your~~ your smile! Keep your eyes on Jesus and you'll never go wrong! Good luck in future years and with all the girls! Hah! As if you needed it! Rick, sometimes you really ~~cut~~ cut yourself down (don't take this wrong) you've heard the saying "everybody plays the fool sometime" but ~~everybody~~ ~~to~~ somebody (namely you) doesn't have to play the fool all the time! don't act so dumb! I know you've got brains - just clue some other people in on it sometime! I'm only kidding! You're insane if you think I don't talk much! You're plum crazy! God Bless and Take care!

Love in Jesus always,
Donna

Go Lee!

For the past four or five years the only thing one can think of is going off to college. After all this waiting and hoping these last few steps will be the toughest steps I have ever taken. Within the last two years I have made many new and close friends, and surprisingly enough the newest are the dearest. Long after I have left these halls my heart and spirit will long to return. I will leave many memories when I go, some good others bad, but they all went in to making the most important years of my life. Underneath my outward change I am still the same person. Whether I changed for good or bad, change must come. I thank my close friends for putting up with me.

My greatest thanks go to Mrs. Virginia Thomason, our do-everything sponsor, who saw the greatest change in me and yet did not look down upon me. Mrs. T., I thank you very much. I feel I made an impression on you and you made an impression on me. Last but not least I wish to thank Jane Forsman, and the rest of the staff, on whom I laid more than their share of the burden, ninety percent of this book is yours and I appreciate your help and assistance. Last I wish to thank my close friends of 5th and 6th period to whom I talked out my problems and hopefully solved a few of theirs. I will never forget any of you, and once again, thanks.

A lot goes into the preparation of a yearbook: time, patience, and a lot of thought. In this volume we have attempted to record not only names and facts, but all the little events that made the '72-'73 school year a memorable one. Every individual who aided in the making of this yearbook has contributed part of his time and part of himself. We would particularly like to thank:

Mr. MacIntyre, our photographer. His originality and advice helped us gain experience and increased our confidence in ourselves.

Mr. Neal Watson, III, the American Yearbook Representative, who offered valuable suggestions and gave freely of his time to help us. He demonstrated a remarkable patience which we will always remember.

Mrs. Nancy Ruffner, intermediate sponsor, who saved us costly hours. Her efforts resulted in a beautiful contribution to the yearbook and an appreciative staff. Thank you.

Mr. Bill Clay of Delmar Studios, who took the pictures of the underclass for us.

Mr. and Mrs. Howard Marler, who helped us through many a deadline crisis, and provided our candids for us.

We would like to thank Mr. Herbert Lelansky for many sports candids which again, saved needed hours.

We would also like to thank Ed Collins for taking time out from his busy schedule to design the hawk artwork on our divider pages. We took the design from him before it was even dry.

Mrs. Virginia Thomason, faculty advisor. Faced with a card-playing editor and a do-nothing associate editor, she always showed faith in our ability. She encouraged us in difficult times and her knowledge and suggestions aided us immeasurably. We thank you.

Finally, the staff itself. During the year they all expressed doubts that a yearbook could actually be formed from such a haphazard, unorganized group. They begged (and sometimes stole) pictures from each other, worried over approaching deadlines, and thought of quitting. They contributed the most; they thought about each paragraph, each page heading, and what size each picture should be. They genuinely cared about this book, and to them we are the most grateful.
